#### R Markdown

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see http://rmarkdown.rstudio.com.

Here is a link to GOOGLE

This is a block quote. This paragraph has two lines.

- 1. This is a list inside a block quote
- 2. Second item.

Here is an examples of nested blockquote

This is a block quote. This paragraph has two lines.

This text is nested

Here is an examples of code in a blockquote:

```
2+2 \operatorname{mean}(c(1,2,3,4,5))
```

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

#### summary(cars)

```
##
        speed
                         dist
           : 4.0
                    Min.
                           : 2.00
##
    1st Qu.:12.0
                    1st Qu.: 26.00
##
    Median:15.0
                   Median : 36.00
    Mean
           :15.4
                    Mean
                           : 42.98
    3rd Qu.:19.0
                    3rd Qu.: 56.00
##
    Max.
           :25.0
                    Max.
                           :120.00
```

## **Including Plots**

You can also embed plots, for example:

Note that the echo = FALSE parameter was added to the code chunk to prevent printing of the R code that generated the plot.
